We offer a Christ-centered, classical education to students in kindergarten through twelfth grade. Our aim is to guide students into a Christian worldview as we equip them to think logically and communicate effectively.

“That in all things, Christ may have the preeminence.”

Colossians 1:18

History

January 1995: A committee of parents concerned about the need for Godly, high school level academic training began meeting to lay the groundwork for a Christian high school in Bartlesville. Under the joint sponsorship of Grace Baptist and Westminster Presbyterian churches, American Christian School of Bartlesville began with four freshmen students that fall.

Total Staff
